Motion carried.

Mayor Sherman said that a citizen had requested that the Village Board allow signage to be placed at gas stations where it is more visible from the road and would show the price of gasoline per gallon. Mayor Sherman said Code Enforcement Gardner had distributed the Village Code to the Board which states the requirements of placing signage at gas stations, including the size of the signs.

Trustee Marciano asked if the Planning Board could find an option that could provide signage that could be more consumer friendly.

Trustee Prawl asked if any of the gas stations had inquired about placing additional signage.

Trustee Padoleski asked if the code was changed, would they be required to put the signage up.

Attorney Brooks said it could be an expensive proposition having additional signage posted and that in the past there was a concern about the historic district. He said it would change the zoning ordinance.

Trustee Padoleski said if the gas stations approach the Board, they could then consider it.

A motion was made by Trustee Prawl and seconded by Trustee Marciano. The meeting is adjourned at 6:17 p.m.

Respectfully submitted,

Jada A. Burgess
Clerk-Treasurer
